## Description :

Prsentation de l'diteurSet in Australia in the 1840s, A FRINGE OF LEAVES combines dramatic action with a finely distilled moral vision. Returning home to England from Van Diemen's land, the Bristol Maid is shipwrecked on the Queensland coast and Mrs Roxburgh is taken prisoner by a tribe of aborigines, along with the rest of the passengers and crew. In the course of her escape, she is torn by conflicting loyalties - to her dead husband, to her rescuer, to her own and to her adoptive class.Prsentation de l'diteurSet in Australia in the 1840s, A FRINGE OF LEAVES combines dramatic action with a finely distilled moral vision.
