His fascination with ghosts and monsters began at an

early age (he doesn't remember why) and reading Dracula at age 13 introduced him to Victorian literature and folklore from which he has never recovered. In 1993 Mike moved to Dark Horse comics and created Hellboy--A half-demon occult detective who may or may not be the Beast of the Apocalypse. While the first story line (Seed of Destruction, 1994) was co-written by John Byrne, Mike has continued writing the series himself. There are, at this moment, 13 Hellboy graphic novel collections with more on the way, several spin-off titles (BPRD, Lobster Johnson, Abe Sapien and Witchfinder), three anthologies of prose stories, several novels, two animated films, and two live action films starring Ron Perlman. Hellboy has earned numerous comic industry awards and is published in a great many countries. The author lives in Southern California.
