Description :

Prsentation de l'diteur ALL SECRETS ARE EVENTUALLY REVEALED, GIVEN ENOUGH TIME. DECADES OR EVEN CENTURIES. BUT ONE OF THE GREATEST SECRETS OF ALL...TOOK ONLY ONE SMALL, AND UNEXPECTED, DISCOVERY. Facing the cold, clear glass, Alison Shaw stared nervously into the giant seawater tank. It was just one year ago that she and her team of marine biologists had stunned the world with their incredible breakthrough. And now, they were about to do it again. But an ocean away, something strange was unfolding. Along a lonely coast in South America, an experimental Russian submarine, long thought to have been dismantled, has suddenly resurfaced. And the U.S. Navy has taken notice, sending officers John Clay and Steve Caesare to investigate.
