Par Candace Bushnell : One Fifth Avenue (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised One Fifth Avenue (English Edition):

Description :

Prsentation de l'diteurOne Fifth Avenue, the Art Deco beauty towering over Manhattan's hippest neighbourhood, is a one-of-a-kind address, the sort of building you have to earn your way into - one way or another.For the women in Candace Bushnell's stellar new novel, One Fifth Avenue is at the heart of the lives they've carefully established, or hope to establish. There is Schiffer Diamond, a forty-something actress busily proving that women of style are truly ageless. There is spoiled, self-assured Lola, who is determined to launch herself into society and the arms of the right man by clawing a way into the building. Annalisa is the wife of a hedge fund manager and reluctant socialite, while bitter Mindy is married to an under-published writer and has been the family breadwinner for too long. And then there is Enid, the glamorous

grande dame and gossip columnist, who has lived at One Fifth Avenue for decades, and sees everything there is to see from her penthouse view . . .

Revue de presse "ONE FIFTH AVENUE is a modern comedy of manners -- a landmark novel, if you like. Its observations about money, the Internet, the function of art in society as well as sex romps, social climbing and snobbery enhance Bushnell's reputation as an astute observer of modern life....Carrie Bradshaw wannabes as well as women (and men) near Bushnell's age -- she turns 50 this year -- will be pulled into this refreshing and highly entertaining novel about the power of money, sex and celebrity."USA TODAY"Bushnell...broadens her scope in her latest ode to New York strivers and sophisticates...The fun lies in the author's acute observations about everything from real estate envy to midlife crises."More"Where [Bushnell] goes, her army of stilletoed fans follow. You gotta love it: the conflict, the secrets-telling, the peek into the world of the rich and valueless. It all adds up to a juicy summer read."New York Post"One Fifth Avenue is all things an escapist read she be: quick and wicked and wry. There's a blown-out bitch to root against, a star-crossed couple to root for, and a Tim Gunn-style best friend who deserves his own book. Great, guiltless fun."Entertainment Weekly
