## Description :

Prsentation de l'diteurWith over 800 of the most closely guarded photographic tricks of the trade, this boxed setconsisting of all four parts of Scott Kelbys best-selling series, The Digital Photography Bookis the ultimate resource for any one who wants to shoot dramatically better-looking, sharper, more colorful, more professional-looking photos every time. Scott Kelby, the man who changed the digital darkroom forever with his groundbreaking, best-selling The Photoshop Book for Digital Photographers, now tackles the most important side of digital photographyhow to take professional-quality shots using the same tricks todays top digital pros use (and its easier than you think). These arent books of theory, full of confusing jargon and detailed concepts. These are books on which button to push, which setting to use, and when to use it. Each

page covers a single concept on how to make your photography better. Every time you turn the page, you'll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you're tired of shots that look okay, and if you're tired of looking in photography magazines and thinking, "Why don't my shots look like that?" then these are the books for you.
